

WORKSHOP:

STARTING YOUR OWN SCHOOL

~ Content Overview & Timetable

Pam Picken of Training & Resources in Early Education (TREE) says, "Access to early childhood programmes has clearly demonstrated an improvement in school performance, yet the Department of Education spends less than one percent of its budget on early childhood education." So, in South Africa, the urgent need and demand for more privately owned preschools is glaringly obvious.

"Give me a child until he is seven, and I will show you the man," goes the old Jesuit saying – an advertisement, if ever there was one, for the virtues of preprimary education.

*"Let us think of education as the means of developing our greatest abilities,
Because in each of us there is a private hope and dream which, fulfilled,
can be translated into benefit for everyone and greater strength of the nation."
